Will Meet Great Need Of
City; Maintenance To
Be Arranged.

CARTER REPORTS 1924 ACTIVITIES

Work Of Salem Community
Service Revealed In
Annual Review.

In his annual report to the Salem Community Service association Tuesday night, Ray F. Carter, executive secretary, called attention to the large number of persons who make use of the information concerning play, games, drama and other activities in the Community Service office. There are many requests for assistance in leading games and preparing programs.

The happy result of the Recreation Club programs is the number of game evenings in organizations of all kinds. The idea of play for adults takes time to permeate a community but it is spreading. Th classes at the High School gymnasium last spring demonstrated that, given a suitable building, such classes can be made very popular among men and women.

"The horseshoe pitching at Reilly field last summer became a popular sport. About 75 men came often and 32 entered the tournament. The city needs an indoor court and provision for outdoor pitching after dark through the summer.

"Reilly field is too hot in the day time for a vacation playground but the balls, bats, nets and horseshoes furnished last summer were liberally used.

A Popular Outfit
"A very popular outfit was that which was loaned to picnic groups. It consisted of volley ball, basketball, tennis, playground ball and bat, horseshoes and tug of war rope. This was used about 20 times without charge.

The drama institute in October was not the success it deserved to be. The idea of having Mr. Junkin in Salem was not to produce plays but to conduct a school in drama for the benefit of any person who wanted to come. While a good many found it helpful many more should have enrolled.

"An appeal at Christmas time to all the church choirs and many individuals resulted in twelve responses from adults and about 10 Girl Scouts. This was a small number for outdoor singing but the music sounded especially good to the patients in the two hospitals and the Home for Aged Women."

Mr. Carter in referring to his connection with the World War Memorial said that it had not yet occurred to him to return to Salem after the organization work done in 1922 had not felt that the welfare of Salem demanded the erection of the building for which W. H. Mullins gave a large sum of money. It is useless to rely upon the use of the school buildings to serve the cultural and recreational needs of persons beyond school age in Salem.

LIBRARY TO OPEN NEW DEPARTMENT

Donate Victrola Records To
Be Issued To Patrons, Is Plea.

The Salem Public Library wants donations for victrola records. The librarian will receive records of any make, to be placed on file and loaned as books are now loaned by the library.

One patron has given the nucleus of this collection and if the records donated prove popular the public collection will be enlarged by purchases.

Here is your opportunity to render a service and at the same time pass on to others the records in your victrola cabinet which are worn or of which you have become tired.

HEAD OF HIRAM HOUSE TO SPEAK

George Bellamy Coming Jan. 29 To
Address The Rotary And Travelers
Clubs.

George Bellamy, head of Hiram House in Cleveland, will speak at the meeting of the Rotary club Tuesday noon, Jan. 29, when Ray F. Carter will have charge of the club program.

Because of the popular and entertaining message which Mr. Bellamy is expected to deliver, the Rotarians have decided to invite their wives to this meeting.

Following the Rotary meeting Mr. Bellamy will address the Travelers club, meeting in the Chamber of Commerce rooms.

HIRED WOMAN TO POISON HUSBAND, SHE TELLS POLICE

Police Spreading Net For
Youngstown Woman
Now Involved.

LEADING FIGURE IN KABER MURDER

Acquitted Of That Murder,
Mrs. Colavito Faces
Another Charge.

Cleveland, Jan. 17.—Cleveland police were spreading a wide net today for Mrs. Emma Colavito, one of the leading figures in the Kaber murder case which caused a wide sensation in the summer of 1921, following an alleged confession late yesterday by Mrs. Fannie Costanzo, 32, that she had hired Mrs. Colavito to poison her husband, Anthony Costanzo, who died under mysterious circumstances here in February, 1920.

County authorities today were to determine whether or not poison was the agency of death. According to Prosecutor Edward T. Stanton, there will be no grand jury action taken until Mrs. Colavito is found and the chemical analysis of the remains are completed.

Meanwhile, however, Mrs. Costanzo is held in jail on a charge of murder and a warrant charging the same crime has been issued for Mrs. Colavito, who was sought unsuccessfully by Youngstown police yesterday to which city she had moved following her acquittal of complicity in the murder of Daniel F. Kaber, wealthy publisher.

Recalls Kaber Case
During the trials growing out of the death of Kaber, his widow, Mrs. Eva Katherine Kaber, was convicted of first degree murder and sentenced to Marysville reformatory for life; her daughter, Marian McArdle, was acquitted, and Mrs. Colavito, who was charged with having been hired to administer poison to him as he was bed-ridden in his Lakewood home was also acquitted, jurors explaining their verdict upon the grounds that they "wanted" her to have a chance of happiness.

Two alleged knife wielders—the actual death agency—are serving life terms one in Ohio penitentiary, and another in Italy, to which country he fled, and where he was tried and convicted. Mrs. Mary Brickel, aged mother of Mrs. Kaber, was indicted but was never tried in connection with the case.

According to Mrs. Costanzo's alleged confession, she paid Mrs. Colavito \$200 out of \$2,000 insurance which she collected following her husband's death. She said that Mrs. Colavito held out for \$300, but that she refused to pay that sum, and that after some discussion, Mrs. Colavito accepted the smaller sum.

FAILED TO HEAR ARREST FOLLOWS

But Alliance Man Proves He Wasn't
Mixed Up In Gambling Case, So
Mayor Releases Him.

Herbert Johnson was arrested while at work in a shop in Alliance Wednesday by Officer Stark of the Alliance city police on orders from Chief of Police T. W. Thompson of Salem.

Johnson was brought to Salem to face a charge of gambling. He was a one who escaped last Saturday night when officers raided a rooming house on Broadway.

The man proved his innocence when he was arraigned before Mayor Schaeffer. It seems that Johnson was visiting a roomer in the house and was in no way connected with the gamblers. He is partly deaf, and did not stop when officers pursued his car as he drove away while the raid was in progress. Mayor Schaeffer released Johnson.

Ford To Make Known Muscle Shoals Plans

Washington, Jan. 17.—Henry Ford will make an announcement in a day or two whether he will accept Muscle Shoals on the present conditions, Chairman Kahn of the house military committee stated today.

New York Girl To Marry Prince

Eleanor Margaret Green and Prince Viggo

King Christian of Denmark has given his consent to the marriage of Prince Viggo, his cousin, who also is a nephew of Dowager Queen Alexandra of England, to Miss Eleanor Margaret Green of New York. Miss Green, the daughter of Mr. and Mrs. James Green, granddaughter of the late Mr. and Mrs. Abram S. Hewitt and great granddaughter of the late Peter Cooper, founder of Cooper Union. The prince has relinquished any rights he may oppose the match. The prince's oldest brother renounced right to the throne to marry an Italian commoner, Countess Lathilde Calvindi Bergolo, while his younger brother, Erik, has just done the same to marry Miss Lois Frances Booth of Ottawa, Can.

FIRE CHIEF TELLS HOW TO REPORT FIRE CALL

Call Fire Department, No Matter How Small The Fire,
Giving Street And Number; Chief Also Asks
Motorists To Pull Over To Curb.

"When you want to report a fire call the fire department, and tell us the street and number of your house or business place, and we will do the rest," Fire Chief Vincent A. Malloy asks of Salem citizens, after a mixup in a call Thursday morning.

"Thursday morning we were called to a fire after the resident had previously called for a policeman instead of the fire department. The fire thus had a head start and those first few minutes are valuable ones. 'Call us, be sure of that, no matter how small the fire. Tell us where you live, giving clearly the street and number, and we will be on our way. Don't stop to tell us how bad the fire is, we will find that out when we get there.

"Never attempt to give your district call signal. We will ring the proper number when we know what residence or business place is on fire. 'When you see a fire in your own place, or some place else, don't stop to see whether some one else has called, but call us immediately'.

In discussing traffic while the fire trucks are on their way to a fire the chief asks that motorists pull over to the curb.

"It will only take a few minutes for you to see where the trucks are going. Pull over to the curb and let us have the right of way. We must get to a fire, and autos or trucks in the way of the fire department hinder our getting to the fire. Give us the right of way, it only takes an instant. When you hear the fire trucks on the trucks coming, take it for granted we are going past you, and pull over. It will also avoid possible accidents."

Answering recent calls the department has been hindered and as it is against the law to obstruct the way, harsh measures will be taken to curb the practice unless the chief's advice is taken to heart by the violators.

COPIES OF PEACE PLAN AT LIBRARY

Ballots For Referendum On The Bok
Contest Award Also Available
Librarian Reports.

Persons who care for a copy of the Bok peace plan can secure one free at the Salem public library.

With the copy will be a ballot which the receiver can use in the referendum vote taken on this plan.

Miss Margaret Vinton, librarian, has secured copies of the essay for a club, a class at the High School and for the American Legion, and the library is the distributing center for these.

HIRAM L. WEIKART DIES IN LEETONIA

Widely Known Man, Aged
78, Had Been In Failing
Health 2 Years.

Hiram L. Weikart, 78, a lifelong resident of this section, died at 2:35 a. m. Thursday at his home in Leetonia, following a general breakdown in health. He had been failing for about two years and was seriously ill the last two weeks.

PRISONERS PAY FINES TO MAYOR

Koski And Lecurg Make Settlement
On Liquor Fines Of \$300 And
\$250 Wednesday.

Mike Koski, 114 Liberty st., arrested by police for possession and fined \$250 by Mayor J. B. Schaeffer Wednesday, furnished the money before Wednesday night and was released.

George Lecurg, lunch room proprietor, paid all but \$28 of his \$300 fine for possession Wednesday, and will pay the balance this week. He was arrested by Dry Agent Earl Ritchie Jan. 9.

Jabez Kopp, charged with running a gambling house, paid his \$50 fine to Mayor Schaeffer Wednesday.

NEW YORK STORM TAKES FOUR LIVES, SHIPS IN DISTRESS

Vessels Report Night Of
Terror In The Driv-
ing Gale.

BELOW ZERO NIPS THE WEST AGAIN

20 Below At Minneapolis,
Relief Due Saturday
With Snowfall.

New York, Jan. 17.—"Spring calm" today followed on the heels of last night's storm in which four persons lost their lives and a score were injured here, while shipping suffered along the entire north Atlantic seaboard.

Three of the dead were killed in traffic accidents due to driving rain. The fourth, Frederick G. Donohue, treasurer of Carnegie Hall, was electrocuted by a falling live wire, was reported in danger of sinking somewhere off the Delaware Capes. Coast guard cutters were sent to her aid. Other ships, reaching port this morning, reported a night of terror in the driving gale which tossed lighter crafts about on mountainous seas.

The wind sending a driving rain before it, reached a 70-mile an hour velocity.

"S. O. S." calls from barges and light craft off the Jersey coast were picked up during the night. Two barges sunk with no fatalities.

While the temperature climbed during the morning the weather bureau predicted that New York would experience its coldest snap of the winter today. The storm was coming from the middle west.

INCREASE REWARD FUND FOR SLAYER OF CANTON GIRL

Griffith, Released, Anxious
For Slayer's Arrest To
Clear His Name.

Canton, Jan. 17.—Stark county commissioners today offered a reward of \$500 for information leading to the arrest and conviction of the slayer of Miss Ruth Hunter, 18-year-old Canton girl whose body was found on a lonely road near here on the morning of Jan. 3.

With the money raised by popular subscription the commissioners' offer raises the reward fund to more than \$1,000 and efforts are being made to increase the amount.

Private investigators as well as county officials are continuing their efforts to find the slayer. The investigators are believed to be employed by friends of the Hunter family.

Sheriff C. W. Kirk asserts he is following new clues that may lead to developments.

A plea for the arrest and conviction of Miss Hunter's murderer was contained in a statement made late Wednesday by Louis E. Griffith, Canton manufacturer, who was freed Tuesday night on a charge of first degree murder in connection with Miss Hunter's death.

"Naturally I am pleased with the result," Griffith said, "I was confident there could be no other outcome. However, I shall not be satisfied until the guilty party or parties are arrested and prosecuted.

"The one thing that gave me the greatest comfort during the seven days I was in jail was the absolute confidence of my friends and business associates in my innocence. In order that the public may also believe me innocent, it is necessary that the guilty party be found."

Make Fair Grounds Community Centers, Plea Of Fair Boys

Columbus, Jan. 17.—Use of county fair premises for meetings, play grounds and community gatherings the year around and the proposed establishment of a school for livestock judges at Ohio State university received the stamp of approval from the Ohio Fair Boys at the final session of their annual convention here.

BIG DIRIGIBLE RETURNS AFTER STORMY CRUISE

Shenandoah, Destined For Cruise To North
Pole, Breaks Loose From Moorings;
In 70-Mile Gale 9 Hours.

Lakehurst, N. J., Jan. 17.—After a tempestuous and involuntary cruise of nine hours in the teeth of a 70-mile gale, the giant U. S. navy dirigible Shenandoah succeeded in unmooring here at 3:20 o'clock this morning and was safely back in her hangar shortly after 4 o'clock.

The great dirigible, which is destined for a cruise to the North Pole next summer, had broken loose from her mooring mast at 6:52 p. m. last evening with 21 officers and men on board and was carried as far north as Staten Island before she succeeded in overcoming the wind and turning back for Lakehurst. It was estimated that the Shenandoah had traveled about 150 miles.

Slight Damage
The only damage was to the outer bag at the fore end of the ship where the nose cap was torn away when the dirigible was jerked loose by the terrific wind from her mooring mast.

Throughout the night the crew of Shenandoah was in continuous wireless communication with the naval aeronautic station at Lakehurst.

"We are having a delightful cruise" wirelessed Lieut. Com. E. H. Kincaid from the balloon at 1:15 o'clock.

The dramatic cruise of the Shenandoah proved her air-worthy in the teeth of a most severe storm and testified to the superior construction.

Naval officials at Lakehurst were elated over the safety of the ship, but no less so over the calmness and bravery of the crew and the strength of the ship's framework.

While the Shenandoah was being buffeted by wind and rain the officers and men attached to the Lakehurst air depot were in trepidation for fear the ship might be carried seaward.

Will Not Change Plans
It was about 3 o'clock when the Shenandoah was sighted "putting" back to her home berth. A mighty cheer went up from the 100 members of the land force as the big ship flying as gracefully as a swan, began circling over the field preparatory to landing.

Lieut. Com. Maurice G. Pierce, Lieut. Com. E. H. Kincaid, Captain Anton Heinen and the other officers and men on board were heartily congratulated on the manner in which they had handled the vessel during her dangerous journey.

They said that at no time did they fear for their safety nor that of the ship. Their only anxiety was how long they would be compelled to remain in the air.

The slight damage caused by the breaking loose of the Shenandoah will not change the plans of the navy department to send her upon her sensational Polar voyage it was said.

BURGLARS ENTER VAHEY OIL OFFICE

Only \$1.25 Reported Missing
After Thieves Break
Glass In Door.

For the second straight night burglars entered a Salem business place Wednesday night, breaking in the Vahey Oil Co.'s office on Roosevelt ave.

The thieves broke the glass in the back door, an employee of the company told Chief of Police Thompson Thursday morning. It was discovered when the employee opened the place for business. Only \$1.25 was left in the office for change and that was taken.

No trace has been found of either these burglars or the ones who robbed the Grisez barber shop this night before. It is thought by police that both jobs were done by the same gang.

KIWANIS TO OFFER HOME TALENT PLAY

Plans Made After Members
Hear An Address By
Rev. Miller.

Rev. H. L. Miller, pastor of the First Christian church and member of the club, addressed the Kiwanis club at noon Thursday. His subject was "From the Hearts of Our Fellow Men."

The speaker depicted the points of his talk from two sources, his own war experiences, and from the new testament. He discussed the olden days as contrasted with the new in the way men acted toward one another.

Hope for the future, that mankind is becoming more brotherly was expressed by Rev. Miller.

A business session that followed he addressed was called for the purpose of making plans for the home talent play which the Kiwanis club will present in Salem in February for the benefit of the proposed tourists camp at Centennial park.

A special meeting has been called for Monday night, the place to be announced later. All club members should be present at that time as committees will be appointed and preliminary work done on the play.

W. W. Brown had charge of this week's meeting. Next week E. V. Burt will be in charge of the program that will commemorate the Kiwanis International anniversary and will be in the nature of an educational program.

Navy Dirigible Had
Narrow Escape From
Collision In Storm

Lakehurst N. J., Jan. 17.—That the great United States navy dirigible Shenandoah was nearly destroyed immediately after the 70-mile gale had torn her from her moorings here was revealed today by Captain Anton Heinen German, Zeppelin expert who was on board.

The Shenandoah suddenly jerked heavily and the officers in the control car, seeing that the ship was close to the ground where she might collide with trees or buildings, released the water ballast.

The tug on the emergency levers sent three 10-gallon tanks of water tumbling to the ground and the ship began to rise at once.

ASSAIL PINCHOT VIEWS ON BOOZE

Government Officials And Congress
Deny Any Breakdown In Enforce-
ment Of Volstead Act.

Washington, Jan. 7.—The charge at Gov. Pinchot of Pennsylvania a before the Anti-Saloon league that failure to enforce the prohibition law was the "greatest breeder of crimes and criminals in America," drew a bitter fire of contradiction today from officials of the government and congress.

Secretary of the Treasury Mellon denied that there had been any breakdown in the enforcement of the Volstead act, while government officials joined in assailing Pinchot's statement.

CHILDREN AT PLAY SET HOUSE AFIRE

Cooper, Confused, Summons
Police; Bed And Chair
Are Burned.

Children playing with matches almost caused a serious fire at 19 a. m. Thursday at the home of J. B. Cooper, 49 West Fifth st.

Cooper's children were playing with matches in an upstairs bedroom and one of them threw a lighted match on the bed, setting the covers afire.

In his haste to call the fire department Cooper called the mayor's office and asked for a policeman, being confused by the flames and smoke.

Chief Thompson answered the call in the police machine and immediately called the fire department.

The flames were extinguished quickly. About \$25 damage was caused by the flames. The bed and a chair were burned while the other furnishings of the room were saved.

CRUISER ON ROCKS TO BE ABANDONED

Washington, Jan. 17.—Little hope was held out today by the navy department for saving the cruiser Tacoma which went on the rocks on Blanquilla reef, 16 miles from Vera Cruz.

A radio dispatch from the stranded ship reported that she had been thrown broadside on the treacherous reef and that all the upper compartments were flooded.

Will Help Decipher Tut's Hieroglyphics

Luxor, Egypt, Jan. 17.—Prof. Bredt of the University of Chicago arrived today to assist Howard Carter in the deciphering of hieroglyphics in the Valley of Kings.

Carter and his co-workers are continuing the work of dismantling the mortuary chapel where the mummy is supposed to repose. A section of the roof was removed and was found to be covered with engravings of hawks.

Declare Ohio Wife Murder Is Insane

Lima, Jan. 17.—William Mohler declared insane late Wednesday by the Allen county grand jury, probably will spend the remainder of his days in the Lima State hospital for the criminal insane.

Finding of the grand jury saved him from trial on a charge of first degree murder for killing his wife.

Extending City Limits

LETTERS received by the Chamber of Commerce municipal committee in answer to queries as to the advisability of extending the city limits along certain streets, present views that are representative of the general discussion of that project. Most of the objections point out the fear that demands would be made upon the city for such improvements as paved streets, extension of water mains, electric lights, sidewalks and fire protection, and that the city could not afford to meet those demands.

Members of the municipal committee have answered those objections in a satisfactory way. Most of these improvements are now at the command of those suburbanites who have practically all the advantages of city residence without contributing to the maintenance of the city. And the few extensions that would be required are insignificant in comparison to the benefits to be derived by annexation.

School facilities and improved roads are important considerations in this move. Every road on which extensions are proposed is paved, and there is no thought of making the extension general throughout Perry township. The school problem is not serious either, for the township is contributing practically its full quota of pupils to the city schools at present. The advantage would be with the schools, it is believed, for the benefits from taxation would be greater than from tuition now received from township students.

While those most interested in providing for the extensions realize the benefits that will accrue to the city, this movement is not based on selfishness. If those who reside just beyond the present city limits are receiving the protection and advantages provided by the municipal corporation, as seems to be the case, it is only just and proper that they should share in the maintenance of municipal improvements.

The recommendation for extensions should bring some action by city council and the columns of The News are open for discussion of the proposal, pro or con.

The Liquor Ordinance

UNDER provisions of the new city ordinance regulating the fines for liquor law violators there is opportunity for much greater strides in law enforcement in Salem. By this we do not mean that the only benefits to be derived from the enforcement of this ordinance will be shown by an enriched city treasury. Mayor Schaeffer was fully justified in demanding the power to assess heavy liquor fines without contributing one half of the proceeds to the state. The city needs that money and should have all that can be collected in this manner.

But the vital part of the new ordinance is the possibility it presents of sidling directly in breaking up the outlaw traffic of persistent bootleggers. Heavy fines contribute to the city's maintenance, but they also have their influence on liquor law violators. The violator who pays a light fine returns to his practice with the knowledge that he can afford to be fined. A few fines of \$1,000 may have a deterrent effect on this attitude. That is why city officials may increase the maximum and minimum penalties and not feel that they are commercializing the enforcement of liquor laws.

Heavy fines serve as great a purpose in creating respect for law as they do in replenishing depleted treasuries.

20 YEARS AGO

(Issue of Jan. 17, 1904.)

Land owners have been excited over the strike made Saturday night on the McCoy farm. It is thought the well will pump 60 to 90 barrels a day. Frank W. Webber, who for the last seven years has conducted a livery barn on Elmworth ave. which the Stark Electric Railroad company recently purchased from P. W. Barn-

house has leased a tract of 1800 from the Hickets Friends on which he expects to erect a modern barn.

Claude Taylor of Canton, has just chased the Knowles & Phillips bakery and took possession of the business Monday.

James M. Early, well known merchant, stock dealer and farmer, died of paralysis Saturday morning at his home in Beloit.

At a meeting of superintendents and principals of high schools in Northern Columbiana county was held Saturday to consider organizing an (crateric) and literary league to be composed of as many recognized high schools as wished to join. It was decided to hold a contest in Salem May 6.

The surplus in the Ohio treasury at present is the largest in the state's history.

J. J. Mullins gave an informal reception at her home Saturday afternoon for Mrs. C. S. Southworth and daughter, Mrs. Williams of Gambier formerly of Salem.

A case of small pox is reported to have developed at Summitville. The victim is Arthur Benson, 21.

J. E. Burton (Civ) was veteran, is seriously ill at his home west of the city.

FRANKLIN SQUARE

Mr. and Mrs. Charles Wetkurt entertained in pleasant fashion 41 of their friends and neighbors on last Thursday evening. Music and various other social diversions engaged much enjoyable interest. A splendid oyster supper was served.

After a several weeks' visit with Pittsburgh relatives Mr. and Mrs. John Kircher returned home Thursday staying until Saturday when they accompanied their guests, Mr. and Mrs. H. A. Ritchey and daughter Mary, home to Mansfield where they will spend the rest of the winter months.

Announcement has been made of the birth of a daughter, Jan. 5 to Mr. and Mrs. Homer Arnold, near Carrollton. Mrs. Mattie Arnold is staying with the family this winter.

Mr. and Mrs. Harvey Lamoucha spent the weekend with Pittsburgh friends. Mr. Lamoucha returned home Sunday evening. Mrs. Lamoucha staying for a longer visit.

THE NEWS RADIO QUESTION BOX

Answers furnished by John Meyer, radio builder, of Woodland ave.

Q.—What can I use as a fixed inductance to avoid the use of a couple? H. R.

A.—Spider web or honeycomb coils may be used in place of a variable coupler with excellent results.

Q.—Please give the average range of a crystal set consisting of a loose coupler, crystal, variable condenser and loading coil? R. M.

A.—The range of any receiving set depends a great deal on the power of the transmitting stations. A crystal set is usually conceded a receiving range of about 20 miles, but when receiving the high power broadcasting stations sending today, a distance of 100 or 100 miles can be covered under good conditions.

Q.—Do the plugs that screw into an electric light socket, to take the

place of an antenna, give satisfactory results? T. A.

A.—Although these plugs are not as efficient as a good antenna, the results obtained are, as a rule, very good.

Q.—Can enameled wire be used in radio winding instead of double or single cotton covered wire? A. E. B.

A.—Enameled wire can be used satisfactorily instead of cotton covered wire. A greater number of turns can be wound in a given space when using enameled wire.

Ford Runs 57 Miles on Gallon of Gasoline

A new automatic and self regulating device has been invented by John A. Stranksy, 2199 Fourth st., Pukwana, South Dakota, with which automobiles have made from 40 to 57 miles on a gallon of gasoline. It removes all carbon and prevents spark plug trouble and overheating. It can be installed by anyone in five minutes. Mr. Stranksy wants agents and is willing to send a sample at his own risk. Write him today. Adv.

KERR IS ELECTED 1924 PRESIDENT OF FARM BUREAU

John Coverdale Delivers
Principal Address At
Annual Meeting.

By M. K. ZIMMERMAN
Lisbon, Jan. 17.—John W. Kerr of
Yellow Creek township and a member
of the Yellow Creek township
committee, was elected president of the
Columbiana County Farm Bureau
Wednesday afternoon, succeeding
Clark J. Halverstadt, who had held
the office for several terms.

Other officers elected are: Vice
president, E. Y. Gamble, Butler town-
ship; secretary, Homer P. Williams,
Madison township; treasurer, Frank
W. Byr, Elkrun township.

Three women elected to member-
ship on the executive committee are:
Mrs. Zada Pottorff, Perry township;
Mrs. Sidney Cope, Middletown town-
ship; Mrs. Frank Fultz, Salem.

County Agent Clarence E. Row-
land continues to serve in that ca-
pacity.

In the report of Mr. Rowland, it
was brought out that through the dif-
ferent Farm Bureau agencies, the vol-
ume of business transacted during
the fiscal year totaled \$784,000, which
includes the business of the various
elevators associated with the Farm
Bureau.

Through the office of the Farm Bu-
reau here alone, there was done a
business of \$150,000. The Bureau
has a paid up membership at this
time of 1,190 and there are 77 delin-
quent members.

Clothing construction work for wo-
men will be featured as a Farm Bu-
reau activity during the new year, al-
though the various club activities will
be continued, also the same program
of work among the men farmers, it
was announced.

Coverdale's Address
There are 1,000 Farm Bureau or-
ganizations in the United States, ac-
cording to John W. Coverdale, sec-
retary of the American Farm Bureau
Federation of Chicago, who addressed
the meeting late Wednesday after-
noon. He spoke at the annual meet-
ing of the Mahoning County Farm Bu-
reau at Canfield Wednesday morning,
and did not arrive in Lisbon until 1
o'clock.

"The problems of all the members
of the Farm Bureau whether they are
in Maine or Ohio or California are
identical with yours," Mr. Coverdale
said. "You have a great responsibil-
ity on your shoulders. It's about time
that agriculture should catch itself
for its investment represents a total
of 75 billion, while that of the rail-

roads represent 19 billion and the coal
industry two and one-quarter billion.
"The combined capitalization of all
these industries is less than that rep-
resented by agriculture.
"In the peak year of 1920, the re-
turn to the farmer was 14 billion, and
after that it started to shrink. It is
coming back now, a gain of half a
billion being reported last year, bring-
ing the total up to nine and one-half
billion. The purchase power of the
dollar of the farmer gained 10 per cent
during the last year, but the plans
proposed to help the farmer have not
received sufficient support to make it
of national importance. But you can
rest assured that the farmers of the
country are going to have a stabiliz-
ing influence hereafter. In the past
the farmer has been his own worst
enemy. You should standardize your
product. Give the public the very
best, just as you demand the best
when you buy.

RHEUMATISM LEAVES YOU FOREVER

Every druggist in this county is au-
thorized to say to every rheumatic
sufferer that if a full pint bottle of
Allenru, the sure conqueror of rheu-
matism, does not show the way to
stop the agony, reduce swollen joints
and do away with even the slightest
twinge of rheumatic pain, he will
gladly return your money without
comment.

Allenru has been tried and tested
for years, and really marvelous re-
sults have been accomplished in the
most severe cases where the suffer-
ing and agony was intense and pit-
eous and where the patient was help-
less.

Mr. James H. Allen, the discover-
er of Allenru, who for many years
suffered the torments of acute rheu-
matism, desires all sufferers to know
that he does not want a cent of
anyone's money unless Allenru de-
cisively conquers this worst of all
diseases and he has instructed drugg-
ists to guarantee it a above in every
instance. All druggists can supply you.

Working Man's Friend.
"Yes," said the delegate, "I was the
working man's friend."
"But you don't do any work," sug-
gested the man with the horny hands.
"No; not at present."
"And you never did any work."
"That's true. You see, what the
working man most needs is work, and
I am too much the working man's
friend to run any risk of taking work
away from him."

home, conducted by Rev. George
Beaver. The husband preceded her
in death 14 years ago.

Organize Luther League
The young people of the unday
school classes of St. Paul's Sunday
school taught by Elmer Harold and
Mrs. C. J. Halverstadt have organized
a Luther league society by electing
these officers: President, Bernice
Stambaugh; vice president, Rolland
Cope; secretary, Virginia Morris;
treasurer, Mary Bellart; pianist, Rob-
ert Cushing; assistant pianist, Willis
Peet.

The new society will meet every
Monday evening once a month for
the purpose of studying missions and
one meeting each month will be
purely social. The other two meet-
ings will be devoted to Luther league
topics. Mrs. H. C. Brillhart will be
in charge of the young people.

Failure to Sweat is a Fundamental Cause of Debility and Disease

There is no known method of inducing perspiration equal to
the use of the Electric Light Bath. Mothers who are "all run
down," children suffering from defective nutrition or poor circula-
tion, will find the Bath a wonderful restorative of physical and
mental energy. The worn-out business man will find splendid in-
crease of mental energy—a stimulant to muscle and brain in the
tonic of this penetrating, radiant energy, a help which every brain
worker needs to pull him through the fag of the day. The blood
is called to nourish the brain cells to the detriment of the rest of the
body, but a few minutes in the Light Bath equalizes energy and
does wonders to tone, rest, build and renew for the day's demands.
For ten years we have made much use of the Electric Light Bath
in combination with the general administration of the Sinusoidal
Electric Bath. The results have been excellent.

For those wishing an Electric Bath, Salt Glow, Massage and
Alcohol Rub it will be necessary to make an appointment. Office
hours for Bath Department daily from 8 a. m. to 10 p. m. Chiro-
practic Adjustments 9 a. m. to 8 p. m. daily except Sundays and
Wednesdays. Phone 558.

SOCIETY

A Post-Nuptial Shower

A post-nuptial shower of interest was held Wednesday evening at the home of Mr. and Mrs. George Rogers Ellsworth rd. for their daughter and husband, Mr. and Mrs. Roland Weingart, who were married Jan. 5.

It came as a surprise to the honorees carried out by about 40 of their friends, who presented them useful and beautiful gifts for their new home.

The guests found pleasure in cards and were entertained by vocal selections by Mrs. Jones, Mrs. Rose Painter and Mrs. W. W. Brown, accompanied by Miss Frances Probert, and violin and piano numbers offered by Ralph Kircher and Glen Arnold.

Edibles for the lunch were taken by the guests in the tea room.

The guests in green and on the hearts in green was Jan. 5, the date of the wedding.

Woman's Bible Class

When the Women's Bible class of the Presbyterian church met Wednesday afternoon at the church it observed McKinley day.

Mrs. P. H. Gordon read a paper on "McKinley's life," made by Mrs. Amanda Allen. Quotations at roll call either related to McKinley or were patriotic.

Musical numbers were a piano solo by Mrs. John Handwerker and a vocal solo by Miss Esther Tomlinson. A guessing game entertained.

Mrs. R. E. Fouts had charge of the program while the social period was in charge of Mrs. Anna Paxton.

Canfield Road Club

An interesting article on "Our National Shame, Our 4,000,000 Illiterates," by P. Stuart Fitzpatrick, was read by Miss Mary Fox at a meeting of the Canfield Road club Wednesday afternoon at the home of Mrs. Michael Muntz, East Fifth st.

The article was discussed briefly by the members. An informal social time occupied the hours. Plans were made to give a supper for the members and their families, but no date was announced. The third Wednesday in February the members will meet with Mrs. Lawrence Daugherty at New Albany.

Marriage Licenses

A marriage license was issued Wednesday to Ira Carl Schmidt of Rochester, Pa., and Miss Loretta Schrom, daughter of Mr. and Mrs. Simon Schrom, Leetonia. They were married at the parsonage of the Christian church by the Rev. P. M. Kendall. The bride has been employed as a stenographer in Leetonia, and is a former resident of Monaca, Pa.

Charles Atkinson and Lucile Patterson, both of East Palestine have been granted a marriage license and are to be married by Rev. Oelschlaeger.

Friends Missionary Circle

An oyster supper at 7 o'clock and a short Missionary program will be features of the semi-annual meeting of the Missionary circle of the First Friends church, Friday evening at the home of the pastor and wife, Rev. and Mrs. C. E. Haworth, East Fifth and East School sts. Those who are donating to the supper are asked to have their donations there at 6:30.

Surprise Mrs. Beall

Associates of the Martha Washington club complimented Mrs. Andy Beall with a surprise visit Wednesday evening at her home, New Garden st. and presented her a gift.

The guests were entertained with radio numbers and enjoyed the hours socially. The unexpected visitors brought the lunch with them.

Mrs. McClain Hostess

At a 1 o'clock luncheon Mrs. T. A. McClain entertained her club associates Wednesday at her home, Ellsworth ave. The afternoon was enjoyed informally with needlework.

On Saturday, Jan. 25, the members will go to Canton where they will be guests of Mrs. Frank Fioding, a former Salem resident.

Euchre Club Meets

A hostess of Wednesday evening was Mrs. Frank Eilson when she delightfully entertained the members of her euchre club at her home on Woodland ave. In two weeks the members will meet at the home of Mrs. Josie Mangus at which time a turkey dinner will be served.

Entertain Employees

Employees of the Oriental Co. were entertained at the home of Mr. and Mrs. A. H. Fultz, Roosevelt ave., Wednesday evening. Music and cards added to the pleasure of the guests and a delicious lunch was served.

Luther League

The Luther league of Holy Trinity English Lutheran church will hold a meeting Friday evening at the home of Mr. and Mrs. Gary Greenison, Depot rd. There will be a business meeting and oyster supper.

Mrs. Dillwyn Stratton of Winona who is seriously ill at the Salem City hospital, seemed some better Thursday, according to reports from the institution.

Miss Helen Isensee left Thursday morning for Pittsburgh where she will spend a few days and from there will go to Boston.

Mrs. Ada French went to East Liverpool Thursday to visit a building and Loan association of that city.

SMALL BEGINNINGS
SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisement in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

Christian Selected For Membership On Trade Commission

Washington, Jan. 17.—George Christian, Jr., who was secretary to President Harding, has been unanimously decided upon by President Coolidge as a successor to Vice. As a member of the federal trade commission.

Mr. Christian, since retiring as president's secretary last September has been serving as secretary of the Harding Memorial association. The campaign for a memorial to the late president will end about March 1. Prior to 1915 when Mr. Christian became secretary to Mr. Harding, then senator from Ohio, he was engaged in the limestone industry at Marion.

Mr. Christian's resignation which was sent to President Coolidge is effective Feb. 1 and his successor will serve until Sept. 1925. The salary of a federal trade commission member is \$10,000 a year.

Seat of Empire Will Move Some Day

It has been estimated that the British Isles are overpopulated to the extent of fifteen million people. A million and a half draw unemployment doles. These figures imply that there is a great deal of poverty. The solution, or at least one of them, is emigration to the dominions. This strengthens the Anglo-Saxon element in these countries and at the same time provides the young countries with sorely needed farmers. Australia has been getting the bulk of this immigration so far, but Canada and South Africa are also in the market following the imperial conference in London. In Canada the government will give the newcomers 100 acres of land free and a loan to finance the first years on the farm. But first the settlers must pass certain agricultural tests.

The power of wealth is the theme of this splendid picture. It tells of a young society girl who is dependent upon a woman friend to maintain her social standing. At the suggestion of this friend, she marries the man of her choice who is none too well off himself. Then that friend makes known the price of her hospitality. What follows is a warning to all young married folks or those who are contemplating entering this state. A near separation suit is the result.

Bebe Daniels is one of society's "poor sisters" and Nita Naldi, her friend. Other players prominent in the cast are David Powell, Maurice Costello, Ruby de Remer and Charles Gerrard. It is an Allan Dwan production adapted from the novel by Edith Wharton.

Mother-in-Law Knows Everything

The country doctor was driving along a mountain road when a man came out of his house and bailed him. "Say, doc, has the man up the creek got smallpox?"

"Well, I can't say just now—I'm not sure."

"My mother-in-law says its smallpox."

"Really! Has your mother-in-law seen this case?"

"Now!"

"Well, has your mother-in-law ever seen a case of smallpox?"

"Now! But that don't make no difference to my mother-in-law!"

An Appropriate Notice

Joseph Conrad, the eminent English novelist, was seated, at a dinner party in New York, beside an editor's daughter.

"Tell me about the London night clubs, Mr. Conrad," the young lady said. "They must be awfully jolly."

Mr. Conrad stroked his beard gravely.

"I have never visited a night club," he said, "but from what I have heard, it wasn't at all an inappropriate notice that the rather illiterate manager of a Leicester Square night club once hung up. This notice said:

"The management have the right to exclude any lady or gentleman whom they think proper."

Fair Notice

"Nigger," warned one, "don't mess with me, 'cause when yo' does yo' sure is flirtn' wid de hearse."

"Don't jesterate wid me, nigger," replied the other, shaking his fist, "don't force me to press dis on you, 'cause ef I does I'll hit yo' so hard I'll jest knock yo' from amazin' grace to a floatin' opportunity."

"Ef yo' mess wid me, nigger," continued the other, "I'll jest make one pass an' dere'll be a man pottin' yo' in the face with a spade tomorrow mornin'!"—Brooklyn Citizen.

Watershed Is Changing

A curious result of a study of the Blue Ridge mountains in North Carolina and Virginia, says the Detroit News, is the showing that the Atlantic is slowly gaining some of the waters that have hitherto flowed toward the Mississippi.

This arises from the fact that the Blue Ridge, instead of being a crest with strong slopes on each side, is an escarpment separating a mountainous upland on the southeast, and the high-level headwaters of the streams that flow toward the Mississippi are continually losing length by the retreat of the escarpment, through the retrogressive erosion of the low-level headwaters of the Atlantic-seeking streams.

MOTORS DEFEAT RUBBER WORKERS

Damascus Team Wins 41-26 Victory From Salem Cage Team.

Damascus, Jan. 17.—The Quaker Motors Basketball team added to its laurels in a game Wednesday evening with the Salem Rubber Workers team in this city when it won a 41-26 victory. Coach of the Motors played an exceptionally good game. It is said, and won 19 points for his team.

The Quaker Motors have played four games this season, winning every one, and it has scheduled games with some of the latest teams around. Here are the lineups.

Quaker Motors: Center R. Oesch; guards, O. Stanley, T. Coy and R. Dutton; forwards, E. Barber, G. Slagle, K. Ward and R. C. C. C.

Salem Rubber Workers: Center, Saunders; guards, Aubrey, Rich, Reeder; forwards, Allen and Ellsworth.

The installation term of the Old Fellows went to Alliance Wednesday evening and installed the new officers of the lodge there.

Miss Alice Winder has returned home after a 12 week stay in England.

Mrs. Carrie Chambers returned Wednesday morning from Chicago.

BEBE DANIELS SCORES HIT

The Paramount picture, "The Glimpses of the Moon," featuring Bebe Daniels and Nita Naldi, was shown for the first time with great success at the Royal Theater last night. This is one of the most interesting productions seen in Salem in many a day.

The power of wealth is the theme of this splendid picture. It tells of a young society girl who is dependent upon a woman friend to maintain her social standing. At the suggestion of this friend, she marries the man of her choice who is none too well off himself. Then that friend makes known the price of her hospitality. Expect Big Shake-up In New York Police

Richard E. Enright

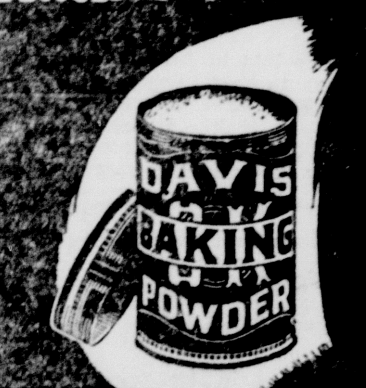

The action of Police Commissioner Richard E. Enright of the New York police department, in preferring charges against 13 police inspectors—all of whom command districts—and a number of subordinate officers for failure to enforce the prohibition laws is believed to presage a sensational shake up in the force.

Picture Framing as an Art

Picture framing is not merely a neat corner and a well-cut mat, though such niceties play their part. It is a matter of discriminating selection, making the most of a picture by means of mat and moulding exactly right in width, color and effectiveness. It's the "know how."

Turned down again! Reason—only one arm. He finds it difficult to get a job because industrial efficiency demands that there be a complete man at every machine. Yet the successful applicant is frequently much less fitted for his work than the one-armed man, for employment managers are hiring "one-eyed" workers without knowing it. In America there are twenty-five million people who don't realize that they need glasses. Call them "one-eyed," for two eyes which do not see properly may be of no more use than one.

If you are an employer have your employees' eyes examined without delay.

If you are an employee and your employer has not done this have your eyes examined at once.

Threatened Her With Revolver And Large Knives, Wife Claims

The divorce petition of Mae Cashdollar, of Wellsville against Crosby Cashdollar, filed in common pleas court, sets up that the couple were married but a short time when Cashdollar pulled a loaded revolver on his wife and threatened her life. She also alleges that her husband has failed to provide for her and that by force he took from the plaintiff the money she had earned herself by keeping boarders. The wife also sets up in her pleadings that her husband spent money in drinking and riotous living and that he was capable of earning from \$6 to \$7 per day.

The petition also relates that on Feb. 15, 1923, Cashdollar placed two large butcher knives on the arms of a chair in which he was sitting and told his wife that if she would arise from her chair he would sink the knives into her body, and that he tortured her with the knives before he would let her retire.

In addition to her prayer for separation Mrs. Cashdollar asks the court to restore to her her maiden name of May Stover.

Pinkham's Vegetable Compound

Zahl, N. Dakota. — "I was nervous and weak and was not regular. I also had pains frequently. I was sickly for seven years and finally had a nervous breakdown following an operation. I am a dressmaker and milliner, and a lady I work for told me of Lydia E. Pinkham's Vegetable Compound. I am taking it and it has made me well and able to do my work again. I have even helped take care of a sick neighbor recently, so you can see how fit I am. I highly praise your medicine and you may use my letter as you see fit. I hope it will help some other woman." — Mrs. OLE NORDBLEIN, Box 23, Zahl, North Dakota.

Over 121,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 per cent. of these replies answer "Yes."

This means that 98 out of every 100 women taking this medicine for ailments for which it is recommended are benefited by it. For sale by all druggists.

The 1924 Model Studebaker Light-Six closed cars are quality cars.

They are built to endure—to give lasting satisfaction.

Both body and chassis are produced in Studebaker plants where painstaking craftsmanship has always been the rule—and the practice.

By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts-makers' profits are eliminated from costs, and one profit only is included in Studebaker prices.

Massillon Boys And Columbiana Girls To Play Here Saturday

Two first class games, instead of one, are now the menu for basketball fans here Saturday night.

Principal Rohrabough has arranged a game for the Salem High Girls team with the Columbiana sextette which Salem took into camp by a 26-14 score last Saturday.

This game will precede the Massillon-Salem Boys game, and will certainly be a thriller. Last week the Salem G's were far too good for the Red and White passers. But this week, according to a statement made by a member of the team, the Columbiana six is bent on revenge, and will come up here with the fondest expectation of winning this week's contest.

With Rohrabough's team going even better than last year it is doubtful if the Columbiana team can slip the skids under the fast traveling Red and Black.

The Boys game will be the main attraction, however. Massillon will bring a team of veterans that will test the best ability that Coach Richtman's team can reveal.

Wednesday in practice Richtman had four or five teams out.

There is a real fight on over the jobs and to be sure to play each man must do his best.

High school officials are preparing

FAMILY AFFAIR FOR LIVERPOOL CAGE CAPTAINS

Did you ever hear of a brother and sister captaining their respective basketball teams the same year in High school. Once in a while this happens and this year at East Liverpool, it is a fact.

Charles McConville, all-county quarterback, is the Boys team leader, and Leona McConville of the same family captains the Girls.

Three varsity men from last year are the mainstays of Boone's team. McConville, Lischner and Pusey are the vets, and Pusey is settling the world affair by his wonderful shooting. Hamilton, forward and Keesee, center are left from last year's sub team.

Broska, McKeever and McVey are also members of the squad. Eastlich is a star from the fresh class and will get into action after the mid-year exams. He is declared to be a genuine whiz at center, and will probably replace Reese. Donald McBane is the manager.

The schedule of the two teams follows:

Jan. 18—At Columbiana.
Jan. 19—At Bellaire.
Jan. 25—Cambridge Boys.
Jan. 26—Lisbon.
Feb. 1—Libbey of Toledo Boys.
Feb. 2—At Salem.
Feb. 8—Mt. Union Y. M. C. A. Boys.
Feb. 9—East Palestine.
Feb. 15—Open.
Feb. 16—Bellaire Boys.
Feb. 22—At Akron Central Boys.
Feb. 23—At New Philadelphia Boys.

"Tigers'll Be Great" Says Harry Heilmann

St. Paul, Minn., Jan. 17.—The Detroit Tigers will be one of the sensations of the American League this year, Harry Heilmann, champion batsman of the league, predicted here today.

THEATRES

"The Common Law"

Of more than passing interest is the motion picture, "The Common Law," which is a screen adaptation of Robert W. Chambers' famous novel of the same name. Co-starring are Corinne Griffith, Conway Tearle and Elliott Dexter, while an exceptional supporting cast includes Doris May, Hobart Bosworth, Miss Du Pont, Bryant Washburn, Phyllis Haver, Myers and Wally Van.

"The Common Law" opens a three days' engagement at the State theater today.

Cartland's Comical Cut Ups

Cartland's Comical Cut Ups is the attraction at the Grand theater starting Thursday. Billy Byrne, the comedian with four voices, and Lenore Torriani, late Prima Donna with Tangerine, head a list of clever principals, assisted by Alma Blake character comedians.

Advance notices state that this company is out of the ordinary and the somewhat different comedies produced by Manager Cartland are overflowing with up-to-the-minute tuneful music and performers who can really sing. Special scenery, attractive costumes and a fast working chorus both young and pretty help to make this one of the best companies to play the Grand this season.

SULPHUR IS BEST TO CLEAR UP UGLY SKIN

Any breaking out of skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

for a banner crowd Saturday. It is expected that the rockers will tax the capacity of the gym, the largest in the county.

This game, although a non-county affair, is regarded as one of the most important of the season. A victory over the heavy Stark county aggregation would not only add quite a few dollars to the cash of the Salem team, but would give the team a big boost in rep everywhere.

GREB AND WILSON TO MEET FRIDAY

Harry Greb, Pittsburgh holder of the middleweight championship, will have one of the hardest nights of his career Friday night when he meets Johnny Wilson in a 15-round battle in Madison Square Garden, New York.

Wilson is now dubbed "Come-along-Johnny," and he will try to prove to Greb, who has been all the way in time, that the crown should rest on another's head.

But Greb insists that he is in the best of shape and has no idea of allowing Wilson to lift the title. It will be a fight to the finish.

Advice For Mothers

You Cannot Afford to Overlook One Word of This

Cambridge, Ohio.—"When my baby was six months old I had gone down in health with inward weakness so that I could not get around to do my housework or care for my baby. I was just about 'down and out' when I started to take Dr. Pierce's Favorite Prescription. The first bottle proved to me that I was taking the right medicine and six bottles helped me to get around to do my work as easily as before my illness. Favorite Prescription really did do wonders for me and I am glad to recommend it at every opportunity."—Mrs. M. E. Stephenson, 4171 Long St. Obtain Dr. Pierce's Prescription now, in liquid or tablets, from your druggist or send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for free medical advice.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

Things to Know About Our Service

The Meter is a Measure

—an accurate measuring instrument. Scales measure weight. A yard stick measures length and breadth. The electric meter measures and registers the amount of current consumed.

Of course you control, absolutely, this meter registration, first as you control the amount of coal burned in your furnace or the number of gallons of gasoline supplied to your car. You can be thrifty or extravagant in the use of any commodity.

The electric wires carrying current to your lights and appliances pass through the meter and only the current actually consumed can possibly be registered. Meters are even more accurate than watches.

Your bill, then, is just a simple multiplication of the meter registration by the unit price and over a READ YOUR OWN METER! Check up on your bills.

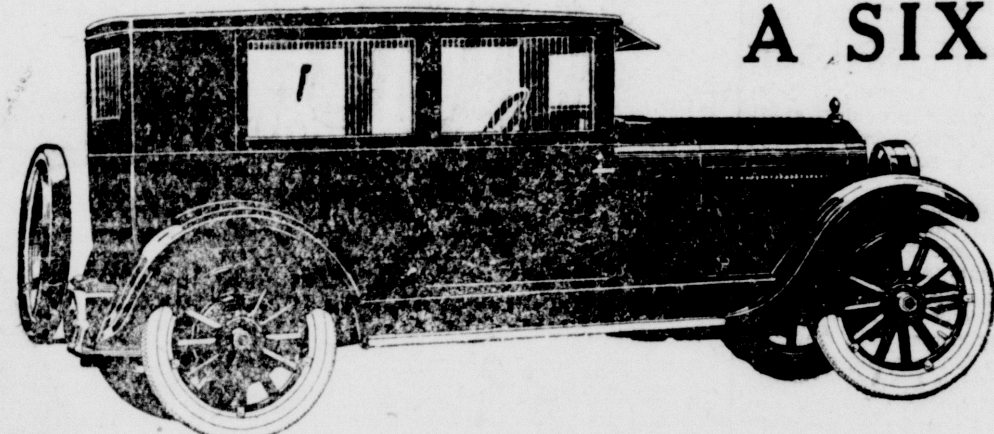

Drop into our office and get a folder giving simple directions for meter reading. Begin this month to read your own meter.

The New ESSEX A SIX

Built by Hudson Under Hudson Patents

\$170 Lower in Price

Priced \$170 lower, the New Essex Coach provides a larger, handsomer body, with even greater passenger comfort than the former Coach. And its 6-cylinder motor, built on Hudson patents give smoothness and performance distinction, heretofore exclusive to the Super-Six.

Qualities of Both Hudson and Essex

Its abilities are as exclusive in this field as Hudson's. Think of what that advantage means. And it has in full those hidden values that keep Hudson and Essex cars like new, after thousands of miles and years of service.

Everyone Calls It "Ideal Transportation"

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can. Mileage on fuel, oil and tires is exceptional.

No car we ever announced has met with such a reception. You must be impressed as everyone has. You, too, will say: "the New Essex provides ideal transportation".

COURTS REVERSED IN ALLIANCE CASE

Man Held For Firing Gun
To Scare Kingfisher
Wins His Case.

Columbus, Jan. 17.—F. W. Widmer was not in violation of the statutes when he fired a gun or a rifle in an attempt to kill or scare a kingfisher that was depopulating ponds on his land at Alliance, of goldfish. The supreme court held late yesterday, in reversing the lower courts in a case in which Widmer had been fined \$25.

The Alliance man was raising goldfish in artificial lakes and when a kingfisher swooped down to provide itself with a meal, Widmer sought to kill or scare the bird by a shot from a rifle or pistol.

He was arrested and fined in Alliance municipal court, under the statute which inverts against anyone who "shoots or fires a gun or pistol at a target within the limits of a municipal corporation."

Widmer claimed that the statute applies only to those who discharge a gun at a target and that the mere discharging of a gun within a municipality is not an offense. However, the judgment of the municipal court was affirmed by the common pleas and appeals courts.

"Criminal statutes are strictly but reasonably construed in determining what offenses are included within them and whether or not the essential facts stated in the charge constitute an offense under such statute," the opinion of the supreme court written by Judge Wanamaker holds. "Where such statute is clear as to its meaning, taking the entire context at its four corners, there is nothing for a court to construe. The wording of the law qualifies both shooting and firing either gun or pistol."
